Address of the Land

dangs year, -ti. da.

Privide and Pones. The Saturd on the hier tobserves that the first owers, the years of Imperialism ways a relief from the the to lines and amove of government by the amist when Ministers, and the stormy non-government of The Republic Frenchmen were gratified to e food the the national Bug had been raised out of what they were placed to call the dust, even if my file hands that paired it were not politically; lick percy. It may be consister of opinion whether and the ileg in question stands higher in 1888. rginer than it shit in 1854. Upon the whole one rice is inclined to believe that it does. There all have been failures in the ourear of Mapoleon care III. but his line bad his diplomatic and my by his military one easiest still the sum paid for the sites was her been tremendous. Any nation bear heat the sword into a priming-hook, butthere is not our in a thin and that our feen award and proming-hors going at once. Naposone III, has tried and in the opinion of his mibrers he has broken down, and matters have there received a oblisis at which, in a very few manths, he will be insupelled by dequestic stress to decide either to give appears or to give up The Engeror has usually displayed a moderation in tedities above the average moderation of the cares. But, then, hirherto the Not led Baperor has not been driven into a corner.

-

Intagen Heat. The louf of the last few days exceeds mything experienced in this country for Twenty-five years, the Therapareter baying registered the degrees in the shade, while the highest mounded single 1812 is 925 degrees. Taronghout the country the dry grass horder. ig their dways appears to have been consumed Thre, the spirits from the sugmes baving mited the herbage; consing it to become atterly destroyed, together with a maiderable portions of the adjacent heriges and trees. On diffi the Great Northern, North-Western, and Midthis | Ferd lines the cattings and embankments resem-I ble the country in Australia or America after a chash be prairie fire. In most country villages the springs and wells have become completely dried up, and the provincial propers teem with complaints of the sufferings and inconvenience ocby an casional by the general scarcity of water, and antity the probable outbrook of fever and pestilence. In some places water is said to be dearer than bega. In Wales, the extraordinary spectacle of a mountain ha flee his been visible from Wrexheim and neighbourhood every night for the past week. The scene of the conflagration is Vroueigner. degreethers a sent of the Edwyseg mountain a arest en the edition of Phosilanardiragors. Butter the Markaga of the night the flumes, rising te the hear toll sever I yards, illuminate as a town, and a special of miles. A numprivide Legar begance as sage I night and day in beatlag back the dames to answer the further spread of the fire-indifficult task on account of the degrees of the furt and the almost total absence of water. The first commenced on this 3th lost, and except with imported rapidity, unbousing profit quaptities of game, and bousing shoop to seatter in baste. It new extends over a surface cabraged in a circumference of about nine miles - Times.

Nova Scotia. The Trues degues it a most conclusive reason, cargo for rejecting the motion, that Confederation has been capablished, and has a right to a ficir trial . The desputels of is Commission to imprive ter of whother the Act of Confederation should be repealed would not be for the benefit of any one. but would be merely the introduction of may discord and hew carefusion into the provinces. There are didie divis which remove themselves, and we have repoon to tope that Nova roution discontent will be one of these. The Stry complaine that we have forest the. loyal, brave, and ho mitable people of Nova rios at sectia intropulses with the province of Canada therary against their will in spire of their apposition, bent in disposary! of their salemn protests. As culars to the future, the Star busgreat reliance on the men; sound sease of the Nova Servina people. They are well aware that the decisions of the English Parisagent are not progratly and if the end this freling which as present imborbinity possesses lo not, the York Sections should continue, the minority there. The tallowel Alg. Bright may become a ood to mil sity, and full inquiry by followed by cities-Tool recog lies. Probatment has made a mistak in insteading the union of those great possestions, without justituting some impary independont of the ulficials, for it seems ulmust hopeless to expect motiful gment, and discomment. from the apporing of those lowbon we introdu be Init polonia governments; but the stop was honestly docisive adouted for the purplication benefiting the prono Chief views, and if that hope should turn out to be falsaid you had not the policy will be foressed. The true so-ollowers thought policy of the mother country, which year out, but the year is becoming more and more developed, is is worthed to begin the endoused to determine their own ill, par- for more authorities to far, was at least meant to: tuend the Karth American provinges to cousecorrest liberty into the antigrance of a parion, during a page of a died owns that who her in all reg

species the rights and interests of the Nova Santang have door rieg inhed in the details of begin of the P. feral Ast, is a very fair question to raise; er office. I had a question not for the Imperial but the local. giaris, is | Partiament, It is at Ottowa, arelant in London; king my that the case of the News Scotians should be . period, periodical de la impossible, after giving up to the Dominion Parliament the full right of direct | enfortaining all the dequations affecting the k worms' commerce or the inquestry of the previnces, that were consulted in the introduction were were of individual griggange. As Lord Carmeron very pertinently observed had night, there never wis a union yet which worked smoothly and in perfeet harmony of starting. The Nova Scotions have been provided with their due chare of inthronce in the new Confederation, and it will be their fault only if they connet exercise it to the culrees of any substantial grisvances of which they may have to complain. As to the south minogral theretal part of their prayer, that is aftered in thibits not vate to the impercal Parliament. Sonne at a Bull Fight.

The Glantlar Chambels of June 30 contains crtriving ! that following and We home that the built fights having so his Suaday deat at Cadiz were so excessively word that but that an dimente of richer terrifying demencolonies sions occurred in the Bull Ring. As far as time gx- the evide the was concerned, the audience had y impresse no cause for complaint. Gardita and Ingertijo seen that were both there and the forces were all above. for they the average. I afortunately the balls were a of 1:65, considered below par. The first two were innd if the different, and the third was no chieren-heartest s tribural that he was driven out of the ring by the exeallifications, continue of the spectar we the definited being t dealine. competel to vive way before the rehement o gloriery erica of there which reducted from every so for at theach. Although the fourth July required use there The set it was eventually killed, but on the giver a of centration of the fifth bull almost instantaneously penns in the whole of the view mass rose, of one made aftermed and, shouring there. there, with steatorien, my relay to thanks, taken in wildouts the whole of the wooldby a fall world of the Plant, Everything gave well By an and bother their very though arrive the and pill-545 10.73 Likes were rout hounder to supply the infernated there has larger and plants and splintered they have descended into the ring and splintered they property of to minutes or none proceeded themsilves the formation but the bull in amatour fashion. art of the mining on him a format of blows and stupilyanuforate, jug him with their repeated assaults. Not that he surroundered at discretion. Several times, he de in by charge !, but always without effect, and at last the are stood at bay, owel and torified. It was no v mi article high time for the intervention of the authorities,
